

### **Important Warranty Announcement for DLP Home Theater TV Owners**

If you have one of the following models please read below for an important announcement. - WD-52631, WD-57731, WD-65731, WD-Y57, WD-Y65, WD-57732, WD-65732, WD-57831, WD-65831 It has come to our attention that a limited number of DLP® Projection Televisions are displaying a false message, "TV will shut down in a few seconds. Please check if the air flow is blocked," and then the TV shuts off. This message is being caused by a loose connection and may be easily corrected through one of our Authorized Service Centers. As part of our commitment to quality and customer satisfaction, MDEA is announcing an extension of the warranty coverage to replace the thermal sensor for the above referenced models. For a period of two additional years beyond the one year limited warranty, MDEA will cover the cost of the thermal sensor (parts and labor) at no charge. All other terms of the MDEA limited warranty will continue to apply.
